Anatomy

FACULTY

Dr. Indra Datta, MBBS, MS	Professor & Head
Dr. Rajib Kundu, MBBS, MD	Professor
Dr. Hironmoy Roy, MBBS, MD, Faimer, MBA	Associate Professor
Dr. Ananya Biswas, MBBS, MD	Associate Professor
Dr. Tulusi Mandal, MBBS, MD	Associate Professor
Dr. Arnab Bhattacharya, MBBS, MD	Assistant Professor (Detailed at Murshidabad Medical College)
Dr. Soumali Biswas, MBBS, MD	Assistant Professor
Dr. Anwesa Pal, MBBS, MD	Assistant Professor
Dr. Shukchand Hansda, MBBS, MD	Assistant Professor
Dr. Barindra Nath Mandal, MBBS, MD	Demonstrator
Dr. Prasanta Chakraborty, MBBS, MD	Demonstrator
Dr. Anamika Ghosh, MBBS, MD	Demonstrator

Postgraduate Trainees

Session 2020-23	Session 2019-22
Dr. Koushik Dolui	Dr. Silpa Mandal
	Dr. Soumava Gupta
	Dr. Angshumita Ghosh

Non-teaching Staff

Name & Qualifications	Designation
Smt. Sukriti Chakraborty, B.M.L.T	Medical Technologists (Laboratory)
Sri Debabrata Ghosh, B.A	GDA
Sri Ashok Mallick, 8 th Pass	Dome
Sri Dinesh Mallick, 8 th Pass	Dome
Sri Anil Kumar Mallick, 5 th Pass	Dome
Sri Atish Kumar Mallick, 8 th Pass	Dome

TRANSFERS, POSTINGS AND SUPERANNUATIONS

- Dr. Alipta Bhattacharya is transferred to National Medical Collage on 27.11.2021.
- Dr. Iman Sinha is transferred to North Bengal Medical Collage on 27.11.2021.
- Dr. Joydip Saha is transferred to North Bengal Medical Collage on 02.12.2021
- Dr. Shukchand Hansda is posted in the Dept. of Anatomy at IPGME&R, Kolkata on 27.11.2021.

ACADEMIC ACTIVITY

- Department is actively associated with Theoretical & Practical teaching programme for Undergraduate and Postgraduate students of Anatomy, I.P.G.M.E&R.
- Regular Lecture and Demonstration classes for the students of Paramedical courses (BSc Nursing, BPT, DCLT, DPFT, DCCT, DOTT & ECG technician, Msc Neuroscience)
- Research guidance for PGTs by the senior teachers of the department.
- Regular research activities are going on by the teachers and PGTs.
- Regular departmental meeting for academic and research up gradation / development.
- Regular academic workshops by different clinical disciplines (Surgery, Orthopaedics, Neurosurgery, Plastic Surgery) including regular fundoscopic study and temporal bone dissection on the fresh cadavers done by the faculties and PGTs of ENT Department in dissection hall of the Department of Anatomy.
- Postgraduate Seminars, micro-teaching and journal club discussions are conducted routinely.
- Dissection with dissecting microscope in collaboration with the department of Neurosurgery, BIN.

PUBLICATION BY FACULTY, STUDENTS AND RESEARCH SCHOLARS

- Gupta S, Kundu R, Das I. A cross sectional study on gross structural & histological changes in kidney with age in eastern Indian population.
- Gupta S, Kundu R, Das I, Bhattacharyya A, Sinha I, Bhattacharyya P. Evaluation of microscopical changes of skin to determine the post mortem interval in the eastern tropical climate of India.
- Roy H, Ray K. Effectiveness of module-based WhatsApp group discussion in anatomy, supplemental to traditional teaching. Al ameen Journal of Medical Sciences (DOAJ Indexed) 2021; 14(1): 32-8.
- Saha S, Roy H, Ray K. Online anatomy lecture using zoom application and its learning experience of undergraduate medical students. Al ameen Journal of Medical Sciences (DOAJ Indexed) 2021; 14(2): 92-100.
- Kuntala Ray, Hironmoy Roy. A community-based study on utilization of antenatal care services by villagers in rural part of Eastern India. Al ameen Journal of Medical Sciences (DOAJ Indexed) 2021; 14(3): 253-61.
- Bhar A, Biswas A. Variations in the biceps brachii in North Bengal - an observational study. J Evid Based Med Health c, Jun 2021; 8(23): 1993-97.
- Biswas A, Pal A, Roy H, Datta I, Ghosal AK. Scapular morphometry - A study in West Bengal population with literature review. Al Ameen J Med. Sci 2021; 14(2):101-107.
- Is online learning a better alternative to traditional teaching for medical students? A study in light of COVID 19 pandemic – Dr. Arijit Majumdar (Dept. of Pathology, DMMCH, Purulia), Dr. Soumali Biswas (Dept. of Anatomy, IPGME&R, Kolkata).

In submission (2021)

- Ananya Biswas, Hironmoy Roy, Arnab Bhar, Anwesha Pal, Indra Datta. Talar morphometry- a study in West Bengal population with literature review. (Original article). AJMS, in August 2021.
- Ananya Biswas, Anwesha Pal, Hironmoy Roy, Indra Datta. Non-metric study of calcaneal facet on talus in Bengali population (Original Article). IJARS, in December 2021.
- Munmun Das Sarkar, Smita Damke, Hironmoy Roy. Implementation of faculty development programme for residents and tutors - a study in a medical college of Kolkata. (Original article)
- Kuntala Ray, Mausumi Basu, Sanjay Kurmar Saha, Meghna Mukherjee, Hironmoy Roy. Depression among Type II Diabetes Mellitus attending a tertiary care hospital, Kolkata. Evaluating by Patient Health Questionnaire-9 (Original article)
- Platelet indices as an earlier and economical marker of neonatal sepsis - Dr. Arijit Majumdar (Dept. of Pathology, DMMCH, Purulia), Dr. Soumali Biswas (Dept. of Anatomy, IPGME&R, Kolkata), Dr. Angshuman Jana.

SERVICE INFORMATION

Continuous motivation for donation of dead bodies is carried out. The program has seen great success in the current year. The 'Body donation Pledge Form' is available online at the official website of IPGME&R, Kolkata.

SPECIAL CONTRIBUTIONS TO FIGHT AGAINST COVID-19 AND OTHER SPECIAL ACHIEVEMENTS

The Covid war is bi-faceted. In one arm it made the society sick from corona virus and in the other arm in the medical curriculum for the very first time it locked down the education system. The Anatomy department participated in combating both the facets with its capacity. It has taken up the responsibility to cover the so-called largest syllabus in medicine undergraduate education in totally online mode in the lockdown time. Faculties have toiled their best to take more than 200 online sessions in Anatomy, the highest among all disciplines.

Besides that, although they are not in direct patient care service, but they regularly participate in the teleconsultation platform to help the patients in "durovashe katan durvabona" program. They keep on guiding the sick patients as well as their families in all possible ways from telemedicine set up.
